#### STUDENTS' FEEDBACK REPORT 2023- 2024

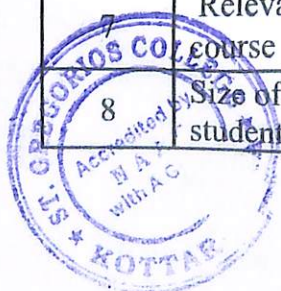

During the academic year 2023-2024, St.Gregorios College's Internal Quality Assurance Cell (IQAC) collected all student feedback on the curriculum offline. A carefully designed and organized questionnaire was used to collect responses from the students.

#### **About the Survey and its Objective**

The feedback survey was created to evaluate the curriculum's significance and applicability, as well as its progress toward meeting the expectations of the learning environment. The organized questionnaire covers a number of curriculum subjects that students find extremely significant. The survey asks about the following: the usefulness of the college's educational materials; the effectiveness of the internal evaluation procedure; the relevance of the course material, including the significance of industry visits; and the degree to which the course material encourages creativity and leads to the discovery of novel concepts and ideas.

**Diagram 1- Overview of Student's Feedback**

**Interpretation**

The overall average for the fourteen statements evaluated for the 2023–2024 student feedback was close to 4 out of 5. The organization of curriculum and syllabus received the highest mean score of 4.40. A mean score of 4.3 was attributed to the use of modern teaching aids, handouts, suitable references, Powerpoint presentations, online resources, etc. The helpfulness of the syllabus to create a knowledge base and relevance of units in the syllabus stood third with a mean score of 4.25. The lowest mean score (3.25) was attributed to the industrial visits conducted.
