**ALUMNI FEEDBACK REPORT 2022-23**

Alumni curriculum feedback is retrieved online and offline by the IQAC. A carefully designed questionnaire was used to collect the responses. In order to assess and improve the academic environment in higher education institutions, alumni feedback is an essential component. After leaving the official structure, alumni can honestly address their experiences with the curriculum, paying particular attention to how helpful it is in the job market. Through local members and chapters abroad, St. Gregorios College's Internal Quality Assurance Cell (IQAC) keeps strong ties with the college's Alumni Association. Respondents are urged to assess the curriculum's relevance and influence on their present academic or professional endeavours. Additionally, it attempts to evaluate their ethical, psychological, and cognitive connection to the parental institution. Additionally, special attention is paid to any curriculum components that need to be improved.

By carefully and accurately analyzing the comments, the final analysis aims to provide an overview of the alumni reviewing mechanism.
