### PARENTS' FEEDBACK REPORT 2023- 2024

Each academic year, St. Gregorios College's Parents Teachers Association (PTA) and Internal Quality Assurance Cell (IQAC) collaborate to get feedback from parents regarding the college's general effectiveness and curriculum. Additionally, the IQAC provides parents with both online and offline structured surveys. The feedback's objectives are to evaluate the college's curriculum's efficacy and content, career opportunities and job orientation, the curriculum's relevance, its contribution to enhancing academic competency, and the school's dedication to fostering morals and values in its students. Additionally, the feedback evaluates the ward's overall personality development and the college's amenities, including the lab, library, and computers. In partnership with the Parents Teachers Association (PTA), the college collects parental input on the curriculum and overall effectiveness of the institution. Feedback is meant to evaluate the college's curriculum's content and efficacy, job orientation and prospects, curriculum content importance, curriculum's role in improving academic competency, and the school's dedication to teaching students ethics and values. The comments also assess the ward's overall personality development as well as the college's facilities, such as the lab, computers, and library.
