Letter on Collaboration

April, 15, 2015

From

DR.M.Arunachalam
Professor & Head

To

Dr. JEAN JOSE, J.
Assistant Professor
Department of Zoology
St.Gregorios College
Kottarakkara -691531
KERALA

REF: Collaboration with Dr. Jean Jose, Department of Zoology in Cypriniformes Tree of Life Project and Planetary Biodiversity Inventory funded by National Science Foundation, U.S.A. to Richard L. Mayden, Professor, Endowed Chair of Research, Department of Biology, Saint Louis University, St. Louis, Missouri – 63103, U.S.A.

As a major collaborator in Cypriniformes Tree of Life Project and Planetary Biodiversity Inventory from India, I hereby state that Dr. Jean Jose was the collaborator in the above projects. As a collaborator he helped me a lot in sampling in streams/rivers in southern part of Western Ghats in Kerala region.

With Best Wishes

Dr. M. Arunachalam

Subject: Invitation for joining 'Kerala Megalithic Gazetteer Project' and project entitled 'Archaeological Excavation at Navinal in Mundra Taluka, District Kachchh and Exploration in Kachchh District, Gujarat' as a Team Member

Dear Dr. Indulal

Thanks for agreeing to join in the 'Kerala Megalithic Gazetteer Project' and project entitled 'Archaeological Excavation at Navinal in Mundra Taluka, District Kachchh and Exploration in Kachchh District, Gujarat' as a Team Member for five years (2016-2021). We are planning to conduct full coverage surveys in Kerala and Gujarat and record all the Megalithic sites/monuments and artifacts in Kerala, Harappan sites, Early Historic sites and Medieval Sites in Gujarat using Photography, GPS, Total Station and GIS tools.

We invite you to undertake research on the chemical and physical characters of artifacts recovered as part of these projects using scientific techniques. The Department of Archaeology, University of Kerala will extend all support to your research in this direction in the field and in the Department. You will also be able to access the laboratory and other research facilities including the University and Department libraries for the research purpose. The Department of Archaeology, University of Kerala will make arrangements for your stay in the field and in the University Guest House while you are in Thiruvananthapuram.

We look forward to meeting you soon.

Yours Sincerely

Dr. Rajesh S. V.

Letter of Understanding B/w WWF-India and St. Gregorios College Kottarakara, Kollam

ABOUT WWF-INDIA

WWF-India is one of India's leading conservation organizations with programmes and projects spread across the country. The organisation works towards the conservation of biodiversity, natural habitats and the reduction of humanity's ecological footprint. The mission of WWF-India is to stop the degradation of the earth's natural environment and to build a future in which humans live in harmony with nature.

ABOUT WWF VOLUNTEERS

WWF Volunteers is a platform for citizens from diverse backgrounds and skills to contribute to environment conservation. The programme aims to inspire collective and personal action by creating awareness about the importance of conservation and the role ordinary citizens can play. WWF Volunteers is a community of people who are role models and ambassadors for the environment, acting as positive influencers and changemakers for their communities.

ABOUT ECHO

WWF India engages youth enrolled in universities/colleges to ideate, design, develop and implement their conservation projects around a yearly theme to address the most pressing environmental issue.

Echo provides a platform and WWF-India harnesses their energy and intent by working closely with youth by giving them direction, knowledge, know-how, skills. Echo is a programme for the youth and by the youth. It gives them freedom to decide what they wish to do, how they want to do. Under this programme, we identify driven and motivated students through partnerships with colleges and universities and provide them with the training they need to design and implement solutions for a specific environmental challenge. The theme for the Echo programme is aligned with the Sustainable Development Goals (SDGs) and focuses on most pressing environmental issue of the year.

At the end of the academic year, projects are reviewed and evaluated against set parameter in a state elimination round and selected colleges are provided a chance to showcase their projects at the national level summit. A panel of jury reviews the projects, which are presented by student representatives, and the college with maximum impact is recognized with the title of "Environment Conservation Hero of the Year".

THE ACTIVITY

WWF-India in partnership with the registered college will launch Echo for engagement of students enrolled in the college, through a year-long membership for the students. Each college will nominate

one teacher convenor and four youth representatives to lead and represent the respective college in Echo. The nominated youth representatives will work towards engaging other youth in the college to work towards the conservation action project under the theme and help resolve an environmental issue in their college, community or city. WWF-India will provide mentorship, support and guidance for the implementation of the project.

At the beginning of the academic year, a workshop for the nominated youth representatives and teacher convenor will be organized for all participating colleges. The workshop will include an in depth education on the theme of the year through movie screenings, expert talks and various interactive activities. It will include assisted brainstorming session with the youth representatives on project development, including areas and communities to be targeted, operational requirements, involvement of all students etc.

Once the projects are finalized and approved by WWF-India, WWF-India will provide mentorship and will review progress of the projects through review meetings. At the end of the academic year, national level summit will be organized, where the best projects will be recognized through a trophy, certificates, and goodies.

ROLES AND RESPONSIBILITIES

Participating college/Institution:

1. College will be responsible to nominate four youth representatives. This is a pre-requisite for activation of college membership.
2. College shall nominate a teacher convenor as a point of contact to coordinate Echo activities within a college and with WWF-India.
3. College shall be responsible for ensuring participation of nominated youth and teacher convenor in the workshop.
4. College shall be responsible for ensuring administrative permissions and smooth running of the program.
5. The college shall ensure participation of nominated youth and teacher convenor in the National Summit

WWF-India:

1. Conduct echo forum for nominated youth
2. Provide mentoring support during the course of project implementation
3. Provide volunteering opportunities to registered students in various WWF-India projects
4. Collect and collate bi-monthly reports of the project implemented by college
5. Organize National level summit
6. Provide participation certificates to nominated student representatives
